

Ethics Charter

Celltrion Pharm (hereafter referred to as the Company) is a pharmaceutical company that contributes to improving humanity's health and wellbeing and aims to spearhead national and industrial advancement by becoming the world's best global life science company.

Based on such vision and pride, we recognize that fair and transparent ethics practice is a prerequisite for sustainable growth and intend to set forth this ethics charter to serve as a reference point for all employees as follows for all employees for their proper behaviors and judgment.

1. Fulfill Social Responsibility

We must respect basic social values, adhere to laws and regulations, and contribute to national and social advancement.

2. Become a Reliable Company

We must protect the Company's reputation and fulfill our duty fairly with morality and integrity to build a reliable Company.

3. Respect People

We must respect dignity and value of all employees and realize just HR affairs and benefits.

4. Create Value for Customers

We must create and provide new value for our customers.

5. Maximize Shareholders' Value

We must contribute to increasing shareholder value by maximizing corporate value through cost reduction and productivity improvement.
